HEART DISEASE,

the many other ailments when they have taken hold of the system, never give better of its own accord, but constantly grows worse. There are thousands who know they have a defective heart, but will not admit the fact. They don't want their friends to worry, and don't know what to take for it, as they have been told time and again that heart disease was incurable. Such was the case of Mr. Silas Farley of Dyesville, Ohio, who writes June 13, 1894, as follows:

"I had heart disease for 23 years, my heart hurting me almost continually. The first 15 years I doctor'd all the time, trying several physicians and remedies, until my last doctor told me it was only a question of time as I could not be cured. I gradually grew worse, very weak, and completely discouraged, until I lived, propped half up in bed, because I couldn't lie down nor sit up. Thinking my time had come I told my family what I wanted done when I was gone. But on the first day of March on the recommendation of Mrs. Fannie Jones of Anderson, Ind., I commenced taking Dr. Miles' New Cure for the Heart and wonderful to tell, in ten days I was working at light work and on March 19 commenced framing a barn, which is 18x32, work, and I haven't lost a day since. I am 55 years old, 5 ft. 4 1/2 inches and weigh 150 lbs. I believe I am fully cured, and I am now only anxious that everyone shall know of your wonderful remedies."

Silas Farley, Dyesville, Ohio.

Dr. Miles' Heart Cure is sold on a positive guarantee that the first bottle will benefit the heart. It is sold in 6 bottles for \$1.00. It will cure, prevent, or relieve all heart troubles. Dr. Miles Medical Co., Elkhart, Ind.
